# CrècheCare

**Your Crèche Needs Covered**

## The Mobile Childcare Service

Children & Families Ltd

## Crèches when and where you need them....

### Children's Centres

We understand that Children's Centres sometimes need to run groups or training sessions for parents without their children. We can tailor sessions to your requirements if you have specific objectives or needs.

### Training, Meetings, Corporate Events

If you're providing training or running a meeting for your staff or the public, we can help you ensure that parents are able to attend by providing childcare for your event.

### Weddings

We appreciate how important it is for you to bring together an enjoyable day for friends and family. Our aim is to prevent any extra anxiety or worries by providing experienced and professional care for your little ones if they become unsettled or 'bored'. Our staff can deliver fun and stimulating activities for both indoor and outdoor areas.

Children and Families

## We can provide crèches at your venue of choice

CrècheCare offers parents the ability to attend training, meetings, team days, weddings etc. whilst their child is being cared for by dedicated professionals.

Being a mobile crèche service we will require that you provide us with a designated area and our qualified staff will happily work with that space to ensure your children are kept completely entertained.

## Customer comments....

"My kids love coming to the crèche, they are made to feel at ease and enjoy their time with the staff."

"Very good, great workers, very helpful and the children had a great time."

"Sophia enjoys playing with the toys and the activities that are provided."

"Ollie enjoys the variety of toys in the crèche. The staff get to know the children and make them all feel comfortable."

"I was delighted with the service provided. Our guests with children

found it fantastic, as they could relax during the evening while knowing their children were being well looked after and entertained. The only problem seemed to be that a few of the children didn't want to leave at the end of the night! I'd highly recommend it."

CrècheCare can cater for individual needs, prices may vary due to the requirements of our service. Please contact us for a quote.
